AUCTION WELCOME

Dear Collectors,

We all dream about an auction like this! They come along once every three or five, or even 10 years – an auction that is so loaded with rare and never before seen toys that it will be talked about for years. The Les Wright Estate is just that!

Les and Norma Wright were firm equipment dealers in Rock Falls, Illinois. During the 1980's and very early 90's, they traveled the country assembling one of the finest farm toy collections in the country. Due to health reasons, the traveling became less frequent and Les bought a few toys here and there locally, accounting for the small number of "newer" toys in the auction.

They had an eye for the unusual and were always determined to buy the "rare" toys when they came up. Things like the Kemp Cockshutt 30, Oliver Farm Sets, Case Golden Demonstrator and more are hard to find – let alone in the box. It's all here, most everything in the original, color boxes that we all strive to get.

We've had a lot of fun preparing for this auction and have been anticipating it as much as many of you reading this catalog. Come and spend the weekend with us. We'll have a short auction on Friday evening, then a collector social where we can all visit with each other and talk about the awesome toys that will be selling on Saturday.

We're looking forward to seeing you there. Don't hesitate to contact us with any questions. We like talking toys!

Best Regards,
